. . . this is our School!

FOREWORD

Twelve years have passed, years of joy, small troubles, and beautiful memories. Now we are seniors, and a new life is beckoning to us. No more will we enter the sheltering doors of Ford City High School. We're on our own; we trust we're ready.

Your editors and staff hope that in some small way we have compiled a book of remembrances that will be read and treasured for a lifetime.

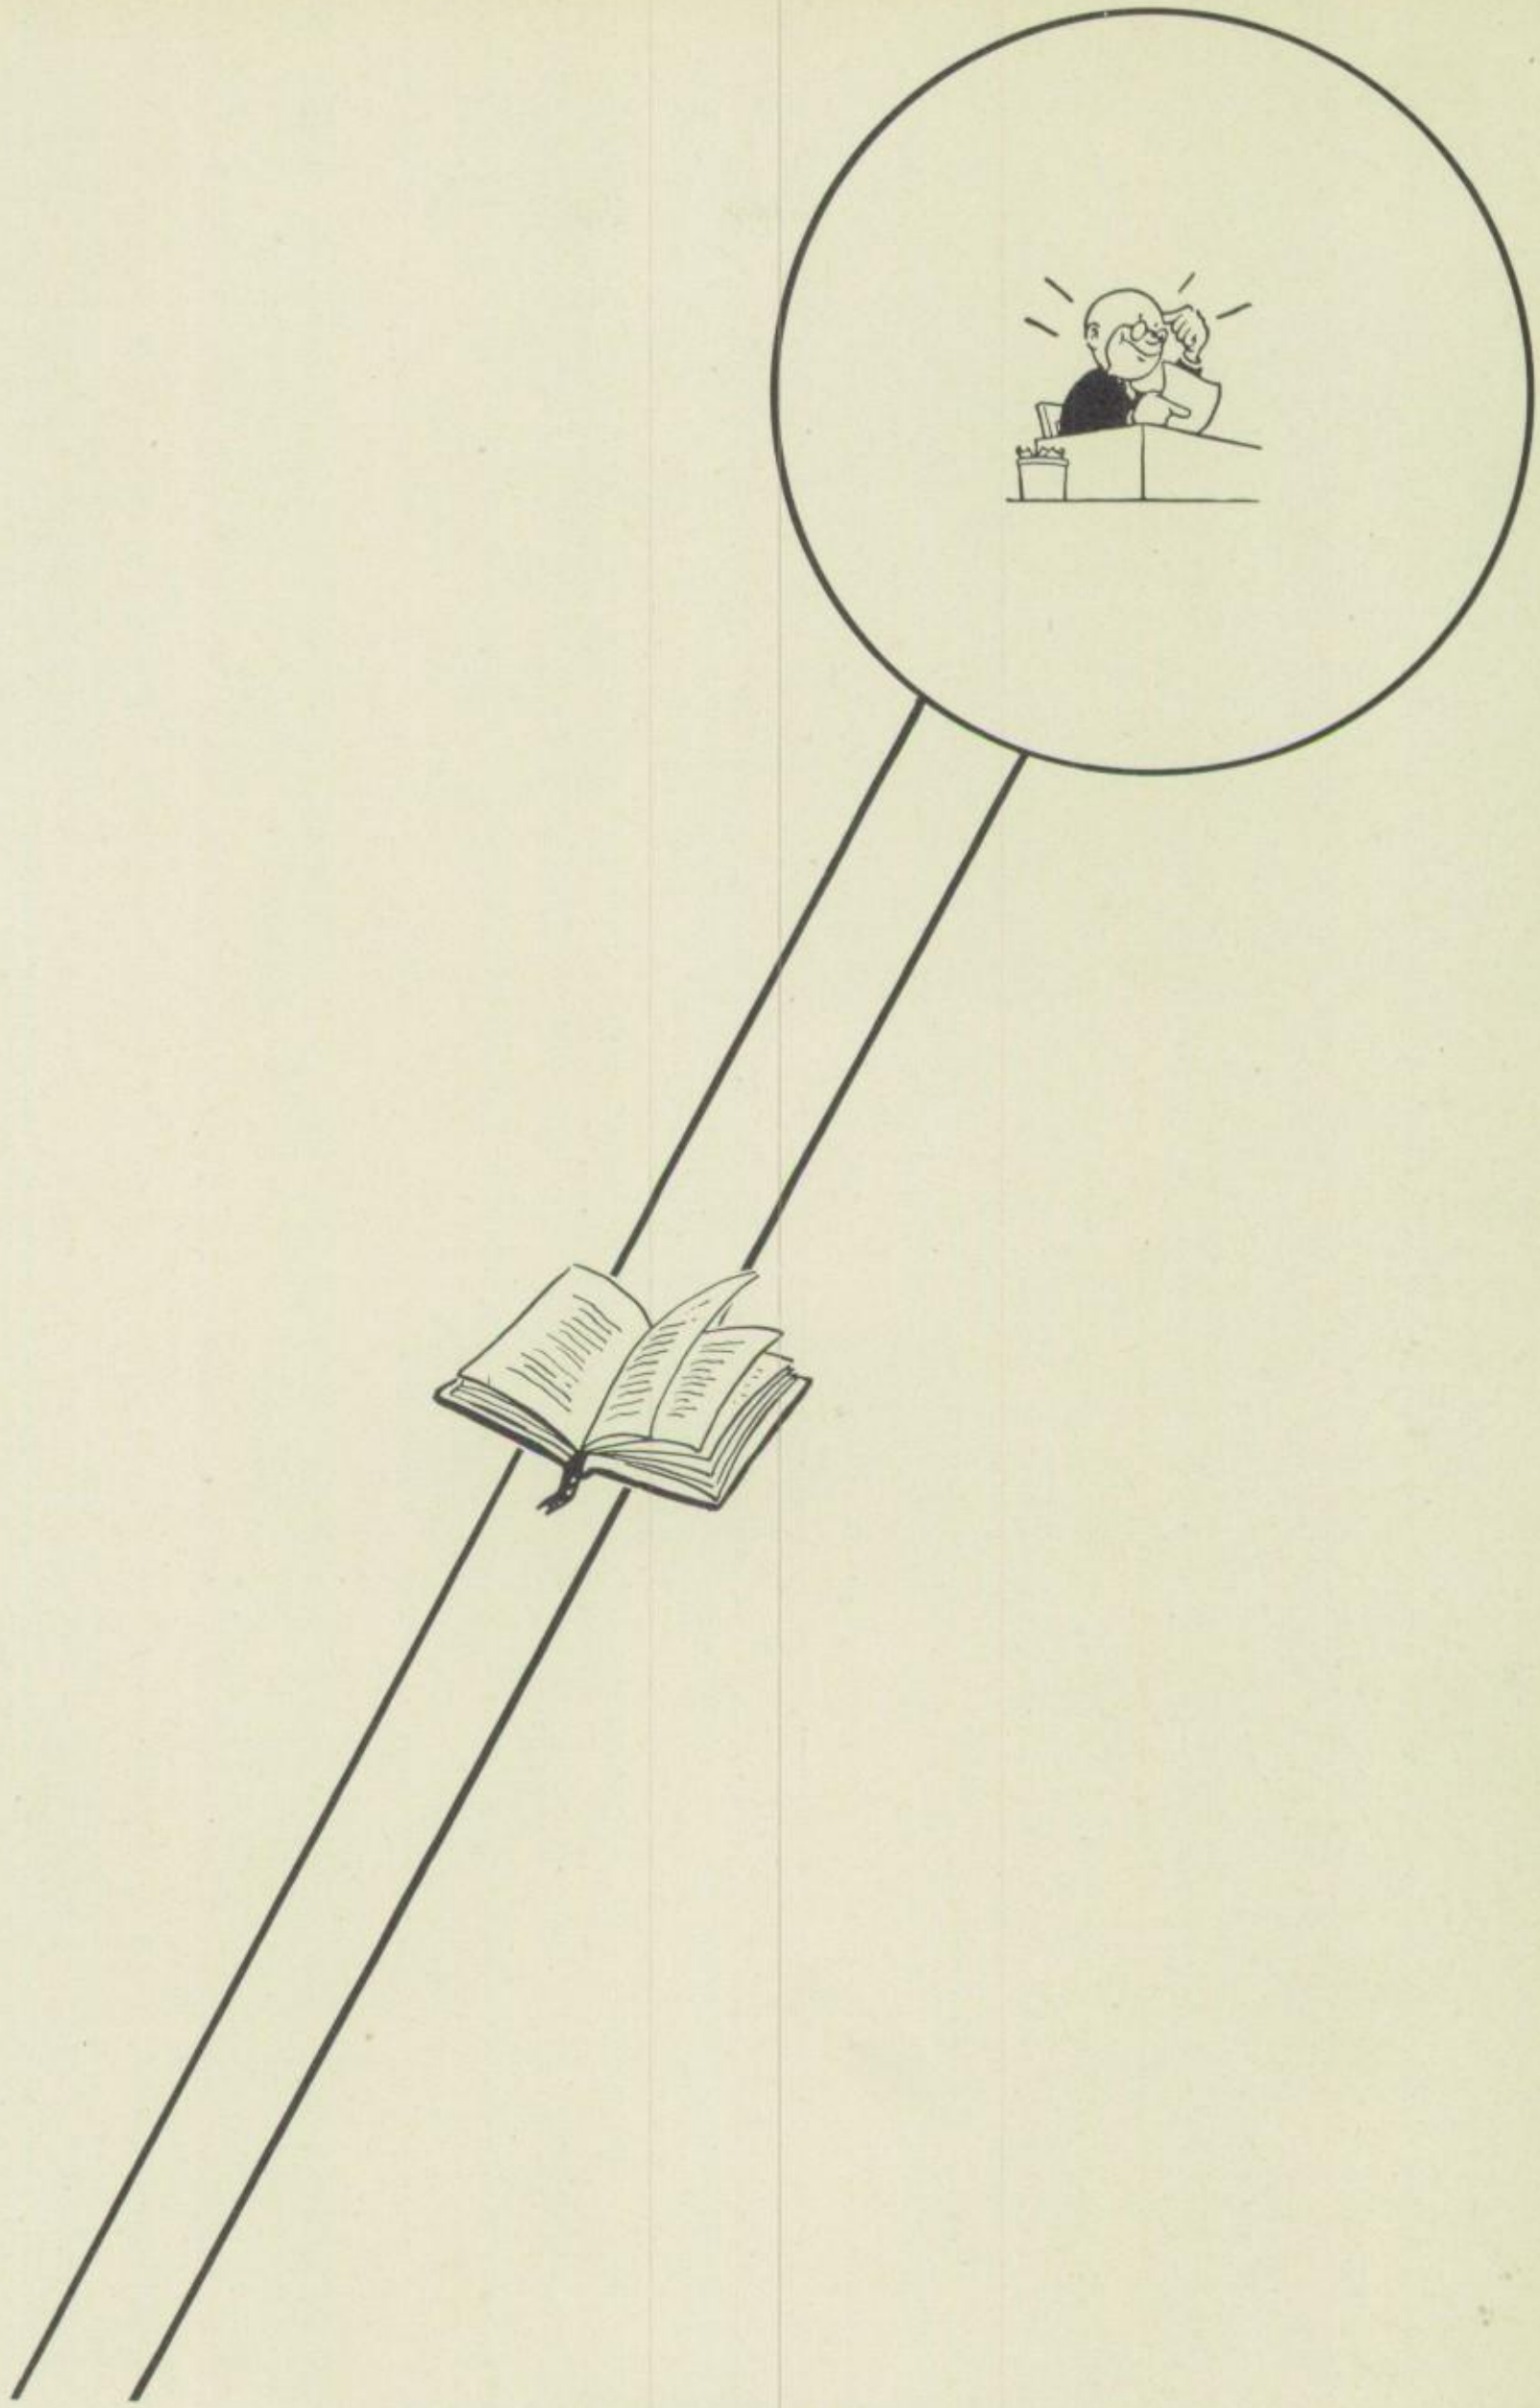
DEDICATION

Our senior English teacher, Miss Joan Puhala, has shown leadership, perseverance, and understanding. Every senior English student feels that he has received individual instruction during classes. She has never been too busy to answer anyone's question. We feel we have received from her a lasting foundation for the future. May this book serve as a lasting memory of a class that will never forget her. We, the class of 1958, are proud to dedicate our Trireme to you, Miss Joan Puhala.

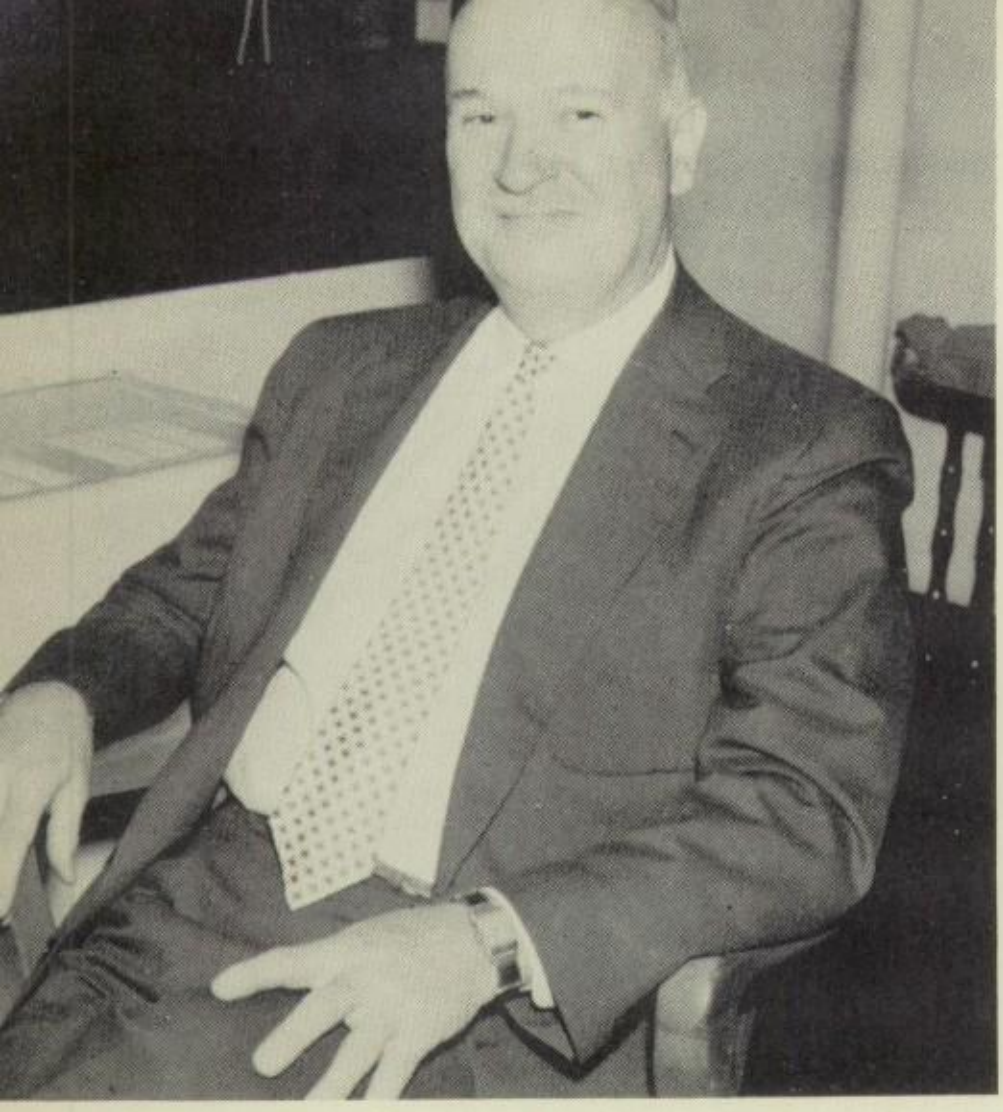
IN MEMORY OF

Ruth Marie Ludwick was born June 25, 1940 and was taken from us on March 15, 1955. She will always be remembered and loved by her old friends from St. Mary's and her new friends from Ford City High. We, the Class of 1958, hope that in some small way this yearbook will serve as a lasting memorium to a very deserving person.

MARCH



FACULTY



Willis Baum
Superintendent of Schools

To the Seniors of the Class of 1958.

Graduation from high school is a delightful occasion for you. I know from experience that for years to come you will think of your days at Ford City High School. You should remember that until you have done the best you can do in whatever you undertake, you have not done well enough. It is the hope of your superintendent that your school has helped you develop your talents and has helped to recognize your capabilities. I also hope that you have been inspired to seek your goal to the best of your ability. As you go forth from Ford City High School, remember that you will have certain obstacles to overcome, opportunities to be accepted or rejected. Sometimes the thing to be accomplished might seem impossible, but by combining constant interest, untiring work, and great determination, that goal called SUCCESS will be reached.

Willis Baum

ADMINISTRATION

Raymond E. Miller
High School Principal

To the Senior Class of 1958.

Your entrance into the High School some years ago marked a significant milestone in your personal achievement. Again, you have met obstacles, accepted opportunities, and gained accomplishment. Now you have come to another signpost marking the way of life.

What you have done as individuals and as groups in classrooms, on the stage, gymnasium and athletic field has become a part of the history of Ford City High School. Now, we hope, too, that you have caught here inspiration that will give you courage to face difficulties, mental power that will direct your energies to helpful purposes, and faith in the essential rightness of mankind.

MUSIC

The Varsity "Concert Choir," under the direction of Mr. Martin E. Thompson, although unable to present a Christmas Program because of illness of the director, concluded the 1957-58 school year with a very good record. Three exchange concerts were given in Vandergrift, Apollo, and Butler, respectively, and these three schools presented their programs in our auditorium. We sponsored "Kids Day," and placed some of this money in a fund for the obtainment of an organ for the High School. We also entered County, District, and State Forensic in the hopes of furthering our record of a champion chorus.

VARSITY

The Spring Concert this year, under the musical direction of Mr. Thompson and choreography done by Mr. John Yelland, was a musical trip around the world, with dances and scenery from the various countries. This was a new step in the chorus routine but a successful choir always trys for something new.

Mrs. Nancy Gallagher, Mr. Glenn Thompson and Miss Toni Carr were the student teachers from I.S.T.C. who helped the chorus very much. We hope that when this yearbook is read the Chorus of '58 will rank among the many fine choirs that have been under the excellent guidance of Mr. Thompson.

ACCOMPANISTS

Mr. Petronchek is a graduate of Ford City High School where he played in the Band, Orchestra, and ensembles. He entered the Military Service in 1943 and was discharged in 1946. After his tour of duty for the Air Force, Mr. Petronchek entered Indiana State Teachers College where he earned a Bachlor of Science degree. He was a member of the Phi Alpha Zeta Fraternity while at Indiana and held office as vice-president for this group. He was also in charge of the marching band in his Senior year.

He earned a Master Degree in Music Education from Pennsylvania University in the summer of 1952. His teaching experiences started in the West Leechburg School. Mr. Petronchek is also the Director of the men's chorus at the St. Michael's Ukranian Church. As a pass-time Mr. Petronchek plays with a dance band that has traveled around the country. A great deal of experience in television and radio broadcasting was gained by playing with the orchestra. Mr. Petronchek attends as many of the music conventions as possible throughout the state.

FOOTBALL

Despite the fact that Ford City didn't have a winning season, they did have an interesting season. Ford City won two games, one being a 32-0 victory over Kittanning, lost three games, all by one touchdown, and tied two. One of the ties was with Springdale, who was heavily favored to beat us.

This year Ford City had one of the finest basketball teams in its school history. The team compiled a record of 23 wins and 2 losses. The Glassers won their first 20 games in a row before losing to Butler in a very close game. After winning the section, Ford City played Uniontown at Pittsburgh. The Glassers trailed most of the game, but in the final quarter staged a tremendous comeback and almost pulled the game out of the fire. Even though the Glassers lost, they had nothing to be ashamed of as they played good basketball all season long.

STATISTICIANS

We humans tend to be somewhat reluctant to acknowledge our own birthdays as the succeeding years advance upon us, because with them comes an inevitable sapping of vitality and energy, dimming of mental faculties, and dulling of ambition.

Fortunately, a successful corporation improves with age. So PPG is happy to meet its 75th birthday, proud of the important contributions it has made with its products for a fuller life, and an awareness of the continuing responsibilities towards shareholders, workers and the public to improve manufacturing, sales, research and development wherever possible. Our Ford City plants have been a vital part of the company for most of these years.
